Tag Deadline Is Getting Closer

"It is most important that the public purchase their auto tags NOW," states Mrs. Edwina Young, who is in charge of the tax collector's office at the Glades Office Building. She stresses the need of getting tags now, to avoid standing in that long line that sometimes extends out to the highway as the deadline nears, with cars parking a half mile in every direction.

Mrs. Young has released the following figures on tag sales in 60, 61 and 62 and comparisons:

Year	Tags Sold	Time Work
1960	10,017	2560
1961	10,723	3478
1962	11,824	4663

1962, from Jan. 2 through Feb. 28, 8758 tags sold.

1963, from Jan. 2 through Jan. 8, (5 working days) 827 tags sold.

In the next 35 working days, until the deadline which is Feb. 28, approximately 9500 tags will have to be sold if the increase in what is anticipated in 1963 over 1962.

Owners of fleets (agricultural interests) are especially urged to get their renewal registrations and buy their tags now while the office personnel is not rushed.

Get your tag at once, and avoid hours of weary waiting.

Glades Teachers Hear Consultant

Miss Beth Cook of the University of Delaware was the visiting consultant at the music workshop held in the cafeteria of Pahokee High School, Tuesday afternoon, for teachers in the Glades area. Introduced by Mrs. Dorothy Land, music supervisor of Palm Beach County, Miss Cook demonstrated methods to aid classroom teachers in conducting music programs.

Approximately 75 teachers attended the workshop from the Glades schools, starting with Canal Point on the north to Lake Harbor to the south.

Faculty members of the Pahokee Elementary School, the host school, served refreshments during the "break" between sessions.

Herring New Head Cattleman's Ass'n

James M. Herring of Belle Glade was elected president of the Palm Beach County Cattleman's Association at the Board of Directors' meeting held in the County Agent's office, Glades Office Building, Tuesday afternoon.

Other officers elected for the coming year are J. W. Repper of Canal Point, vice-president; K. D. Eatmon, Pompano Beach, secretary; Don Smith, Jr. of Lake Worth, treasurer; Ray Raulerson of Pahokee, state director; and the other directors are Harold Brough of Belle Glade, and Charles Harman of South Bay.

Mr. Brough is the retiring president, who had served the Association for two years.

School Parents Serve La. Visitors

A group of parents and teachers of the Canal Point School, headed by Mrs. Joe Cherry, Jr., served the luncheon Thursday to members of the American Sugar Cane League, who are touring Florida this week, and to the staff of the USDA Sugar Cane Field Station in Canal Point.

The luncheon was held at the Canal Point Community Building at noon and all proceeds will go toward completing the air-conditioning of the Canal Point School classrooms. According to the committee, two additional units have been recently ordered.

1940 Pahokee Film Shown To Lions

A film taken of a May Day program in the spring of 1940 at the Pahokee schools was shown at the luncheon meeting of the Pahokee Lions Club, Tuesday, by Frank Tillis. The film was discovered recently in the "archives" of a storage room at Pahokee High School by the club president, Kyle Scott.

Members greatly enjoyed the 23-year old film which showed the children of many of the members (also some of the members themselves) who in the meantime have grown up, and now have families of their own. It was filmed when D. D. Caudill was principal and the king of the May Day was Dale Maxwell, son of Mr. and Mrs. Clarence Maxwell, who was then in the first grade.

Guests attending were Jim Graham, Lyons Williams and Bob Adams. Miss Diane Holton was the guest of student member Mike Watkins.

New Pastor Coming To Local Baptists

At a recent business conference of the Canal Point Baptist church the membership called Rev. Lawrence Stewart of Milpita Baptist church, located near Lantana, to serve the local church.

Rev. and Mrs. Stewart with their four sons, 2, 4, 6, 8, years, will move to Canal Point just as soon as the parsonage is repainted inside and out and the yard is put into first class condition.

Rev. Stewart will preach his first sermon in his new location on Sunday, January 27. However, he will be present for prayer meeting on the night of January 23.

HOME FROM VISIT

A. R. Harrington returned to his home in Canal Point, Thursday, following a trip to Tallahassee, and Morven, Ga. where he visited relatives. Mr. Harrington was accompanied to Tallahassee by his daughter, Janette, who was returning to her studies at Florida State University, and he was accompanied home from Georgia by Mrs. J. S. Harrington, who had been the house guest of her son-in-law and daughter, Judge and Mrs. Kenneth Cooksey in Monticello.

Belle Glade Kills Sewer Extension

One hundred thirty-three voters in Belle Glade said "no" Tuesday in a straw ballot with regard to extension of the sewer system while 122 said "yes."

Although city commissioners are not obligated to abide by the balloting it is the consensus that the extension will not be constructed. Balloting was light as there were approximately 1,200 citizens eligible to vote.

Under the proposed extension, the present sewage plant would operate at near full capacity instead of 20 per cent as it now operates, according to Acting City Manager Frank Anderson.

Commissioners also favored the raw water intake extension under the measure which would reduce water treatment costs.

Anderson said the bond issue involves \$1.4 million with \$1,133,000 for sewerage and the rest for raw water intake. A federal commitment of \$77,000 is included in funds for the projects, he said.

Training Day For Poultry Judges

A "training day" was held at the home of Mr. and Mrs. A. R. Harrington in Canal Point, Saturday, by Assistant County Agent Raleigh Griffis of West Palm Beach, who gave instruction in poultry judging to 4-H members in Palm Beach County, having poultry projects. Mr. Griffis illustrated his demonstrations with slides. Following these instructions the young people were given the opportunity to practice judging.

Attending from the Glades area were 4-H members Nancy Harrington, Dickie Strayer and Ross Harrington, all of Canal Point, and Jerry Nehls of Belle Glade; and adult leaders, Dallas Nehls of Belle Glade and Mr. and Mrs. Harrington.

The meeting was an all day affair and a picnic lunch was enjoyed by the group at noon.

20 Pct. Increase In Florida Deposits

Deposit in Florida banks rose nearly 20 per cent during the past fiscal year, according to Floyd Call, executive vice president of the Florida Bankers Association.

Deposits totaled \$5.8 billion as of June 30, the end of the fiscal year, he said, compared with \$4.9 billion in June of 1961.

Twenty-two banks opened during the year, 14 of them chartered by the federal government.

Call said 26 more have received charters and are in the process of opening.

There now are 343 banks operating in the state. The 26 which will open soon will boost the total to at least 369 during the coming year, Call said.

Miami Pastor Is Speaker In Pahokee

Rev. Ornan Iglesias, assistant pastor at White Temple Methodist Church in Miami, was guest speaker at the joint meeting of the Methodist Men's Club and the Woman's Society of Christian Service, which was held in the social hall of the Pahokee Methodist Church, Tuesday night. Rev. Iglesias spoke on his work with the Cuban people.

The dinner meeting, sponsored by the Men's Club and Mrs. C. M. Todd, chairman of the commission on missions, was attended by approximately 70 people, including Mr. and Mrs. George Royal and Mrs. Ruth Wedgworth of Belle Glade.

Beans Sell For \$10 Pompano, Here \$9

A few days before Christmas when green beans were plentiful they were selling for \$2.00 per bushel hamper and many were going to the canners. What a whale of a difference a few days make. Now, that there has been a freeze and most of what few growing beans there have been devastated the price is sky high.

On Saturday of last week the tender green things sold for \$10 per bushel hamper at Pompano and as high as \$9 per bushel hamper in these parts. The supply is limited.

Corn—what is left after the freeze—has been bringing excellent prices. The range has been from \$3.00 to \$4.00 per five dozen crate.

Funeral Services Josephine Cowart

Funeral services will be held today at two o'clock at the Palm Bethel Church on Mango Drive in West Palm Beach for Mrs. Josephine Cowart, 89, who died in Lake Worth General hospital on Wednesday of this week. Mrs. Cowart lived with her daughter, Mrs. John McCarty in Greenacres.

Elder O. W. Thomas of Hialeah is in charge of the funeral services and burial will be at Port Mayaca this afternoon. The body was to be at Scobee Funeral Home in Boynton Beach until the funeral hour.

Survivors are: Sons, J. T. Cowart of Lantana, E. Lewis Cowart of Canal Point, E. C. Cowart of Miami, and S. B. Cowart of Chocoma; daughters, Mrs. Lee Kimball of Ft. Lauderdale, Mrs. John McCarty of Greenacres, Mrs. Sam Berry of Pahokee. There are 14 grandchildren and 15 great grandchildren.

Garden Club Meet On Thursday, Jan. 17

The Canal Point Garden Club will meet at the home of Mrs. M. C. Carter at Port Mayaca, Thursday, Jan. 17, at 3 p. m. An Arbor Day program has been planned and there will be a plant exchange.

Louisiana Sugar Growers On Visit

A group of 38 Louisiana sugar cane growers and processors, all members of the American Sugar Cane League of USA, are touring Florida this week on an inspection survey of the sugar cane industry in the Glades area, with visitations enroute at various scenic attractions.

On yesterday the group visited the USDA Sugar Cane Field Station at Canal Point, which has developed many of the varieties of cane now being grown in Louisiana.

The station's staff members planned a program similar to the one presented to Florida sugar cane growers at the first annual field day, Dec. 4, with the Florida growers invited to attend this program also, according to Bascom A. Belcher, agronomist-manager of the station.

The visitors were divided into three groups, each guided by two research scientists of the station's staff, for a tour of the field plots, breeding houses and other facilities.

Explanations of what the station is doing in the breeding of improved varieties of cane, collecting varieties all over the world, determining better methods of controlling insects and diseases, and similar work were given by the staff members.

There was a luncheon in the Glades Park during the noon hour.

Junior Cattlemen In Monday Meeting

"Showing and Fitting of Beef Animals" was the title of a film shown at the meeting held Monday night of the Junior Cattleman's Association, with the president, John Causey, Jr. of Belle Glade, presiding. The film was shown in preparation for the South Florida Fair and Exposition which will be held January 25 through February 2 at the West Palm Beach fairgrounds.

The program was presented by Jerry Cone, formerly of Belle Glade, who is associated with the Ralston Purina Company in West Palm Beach.

Attending were members in the Glades area from Canal Point to Lake Harbor; also County Agent M. U. Mounts of West Palm Beach, and Associate County Agent, John Causey, Sr. of Belle Glade.

Vandals Pop 400 Lite Bulbs, Pahokee

Vandal popped nearly 400 electric light bulbs just for the fun of it Saturday night in Pahokee. Or at least, that is the way it seems. No other reason can be figured.

All of the bulbs surrounding four used car lots were removed, and smashed against the pavement. The lots involved were Ed's Used Cars, Stanley Chevrolet, Pahokee Motor Company and Leroy Miners Used Cars.

Riviera & Forest Hill Lead BB Loop

Forest Hill and Riviera Beach, who made it a two-team race in the Suncoast Conference basketball season a year ago and eventually became co-champions, are rapidly turning the current race into a carbon copy of last winter's results.

Both won twice last week for identical 6-0 league season records with their first conference clash coming up Jan. 18. But Forest Hill beat Riviera by 8 points in a Christmas tourney Dec. 27 on a neutral floor which takes some edge off their impending meeting for the race leadership.

Only Pahokee, surprisingly potent on the attack, has shown signs of staying close to the pair. But Forest Hill clubbed the Blue Devils \$3-49 at Pahokee last week, so there appears to be a wide gulf between the third-place Devils and the co-champions.

A 16 game schedule faces the 11 teams this week, with everybody playing Tuesday, Friday and Saturday nights except Riviera Tuesday and Forest Hill Friday. Forest Hill entertains winless Clewiston, Tuesday and Riviera visits winless Vero Friday. Saturday the leaders are both home, Riviera for Stuart and Forest Hill for Seacrest which is tied for fourth with Palm Beach and may offer Forest Hill a sterner test than usual. Pahokee goes to Stuart Tues., Belle Glade, Friday and entertains Vero Saturday, and the Devils will be favored for three straight successes to keep that third spot in the standings.

Forest Hill's Frank Saier continues as the loop's top scorer with a 23-points average for the Falcon's six starts. He is tops in both field goal and free throw production. Runners up is teammate Harry Kinkler at 19.33. Following are Bob Snyder of Ft. Pierce at 18, Alberto Morrell of Pahokee at 16.40, Martin Kinestoy of Seacrest at 16.33, Jack Branan of Vero at 15 and Tom Cloise of Belle Glade at 15.

Forest Hill again barely missed two league scoring records in a 107-52 romp over visiting Stuart Friday. The Falcon total was 10 points under the Sun Coast mark set for former member Pompano nine years ago, and the two-team total was also 10 points under the mark set by Riviera-Lake Worth last winter.

Standings today:

	W	L	Pct.
Forest Hill	6	0	1.000
Riviera Beach	6	0	1.000
Pahokee	4	1	.800
Palm Beach	4	2	.667
Seacrest	4	2	.667
Ft. Pierce	2	3	.400
Stuart	2	3	.400
Lake Worth	2	4	.333
Belle Glade	0	5	.000
Clewiston	0	5	.000
Vero Beach	0	5	.000

Pahokee PTA Will Hear New Program

A new type of program of unusual interest to all persons interested in the growth and welfare of our schools, and who are involved in the parent-teacher-student relationships, will be presented at the January meeting of the Pahokee Parent-Teacher Association in the High School auditorium, Monday, January 14, at 8 p. m.

Mrs. William S. Plumer, program chairman for January, distributed slips of paper at the PTA meeting, last October, asking members to write their preference of subjects in order to plan future programs for the current year. The six subjects receiving the most requests in the inquiry will be treated in a unique manner in the Monday night program.

Following the opening of the meeting in the auditorium, PTA members and others attending will be invited to join one of six different discussion groups which will be segregated to consider a subject of particular interest to the group.

Each group will be headed by a leader or moderator, and all in the group will be free to ask questions and express opinions relating to the subject.

The six different subjects to be discussed and leaders of the discussion groups are, "How to help elementary students with their home work," Mrs. Evelyn Lair, remedial reading teacher, and Principal William D. Howard; "What should parents do to help the school in the educational program for the child," Vince Marquess, Belle Glade High School guidance counselor; "School building program, school finances and equipment," Milton Carpenter, member of the Palm Beach County School Board; "Teaching methods, home work and English background for college," Principal Brooks Henderson; "Grouping in Junior High, and what is being done about grouping in the local schools," Assistant Principal Kyle Scott; "Curriculum and guidance counselor help," Vance Denton, guidance counselor.

Following the "buzz" sessions, the various groups will gather together again in the auditorium, at which time the leaders will briefly

summarize pertinent facts and suggestions formulated in the sessions.

The discussion groups will be carefully controlled to make sure this meeting will not take any more time than the average PTA meetings, and refreshments will be served at the close, as usual.

All parents of school children and anyone else interested in better schools for Pahokee are urged by Mrs. Plumer and Mrs. Robert C. Hatton, co-chairman, who have arranged for this unique and promising program, to attend this meeting and see for themselves what a wonderful help this type of program can be in attaining a better understanding in the parent-teacher-student relationship and promoting higher standards in the local schools.

Kent Price Talks To CPPTA Group

Kent Price of West Palm Beach, assistant county agent, was guest speaker at the meeting of the Canal Point Parent-Teachers Association held Monday night in the school cafeteria, with the president, Mrs. W. E. McCall, presiding. Introduced by Bruce Bitting, program chairman, Mr. Price spoke on the different phases of the extension services and the methods used to acquaint the public with these services. He especially urged the cooperation of parents who have children working on 4-H Club projects.

The flag salute was led by Orin Bitting and the devotionals were given by W. E. Blackwell.

James Gibson of the Canal Point Lion's Club presented the PTA with a check for \$241.36 to be used toward air-conditioning the school.

The room count was won by Mrs. Billie Huddle's fourth grade. Refreshments were served following the business session by the hostesses, Mrs. Joe Cherry, Jr. and Mrs. James Gibson.

Junk Car Sales Draw Many Bidders

Sale of 13 junked vehicles owned by the county, brought out one of the largest group of bidders which the county commission has heard in some time.

The various pieces of equipment—none in running order—was put up for sale on bid. An estimated 50 bidders answered the call.

In other bids opened by the county commission at its end of the year meeting last Friday, the board received bids for improvements to the county jail and highway patrol building; an autopsy table, bridge timber, a motor scooter and chemicals for the mosquito control department.

Palm Beach County this week has a Republican majority on the County Commission for the first time in history.

With George Warren, Delray Beach Republican joining Commissioners E. F. Van Kessel and Edward Bandlow, Democrats Lake Lytal and Paul Rardin will be outnumbered.

Addressing the new majority last week, Commissioner Rardin noted that "you will have some old timers plugging along with you." He was referring to himself with two years as a state legislator and 18 years service as a county commissioner and Lytal, who is rounding out 20 years as a member of the board.

*"Today we need a nation of Minute Men
citizens who regard the preservation of freedom
as a basic purpose of their daily life"*

—JOHN FITZGERALD KENNEDY

10 days after his inauguration
as the 35th President of the
United States.

Twenty years ago, in the dark, uneasy days before Pearl Harbor, the Minute Man of Concord, timeless symbol of our Nation's determination to defend its freedom, emerged as the emblem of the U. S. Savings Bonds Program. When war came, the Minute Man became the rallying force behind the huge and overwhelmingly successful effort to back our fighting men with War Bonds.

In this, the 20th anniversary year of Savings Bonds, the Minute Man of Concord calls all Americans to an unrelenting effort to help preserve our peace and freedom, threatened by forces more powerful and resourceful than those we faced in 1941. Though this effort will take many forms, one way open to all is the continued investment in Shares in America, U. S. Savings Bonds, by "citizens who regard the preservation of freedom as a basic purpose of their daily life."

For 20 years America's newspapers have published Savings Bonds ads at no cost to the Government. The Treasury Dept. is grateful to The Advertising Council and this newspaper for their patriotic support.

Plans are being made for an autumn wedding by the couple.

Van Kessel Heads P. B. County Board

E. F. Van Kessel, Juno Beach, began his third year on the County Commission this week by being elected chairman of the board.

At the commission's annual reorganization meeting Tuesday, Van Kessel moved up from his post as vice chairman to succeed veteran commissioner Lake Lytal as chairman.

Moving into the vice chairman's seat was Commissioner Edward Bandlow, Lake Worth, also starting his third year as a commissioner.

Joining the board at the meeting was George Warren, Delray Beach, who succeeds Ben F. Sundry as commission representative from District 4.

In nominating the new chairman, Lytal said that a year ago the board had held a caucus and at that time it was decided that Van Kessel would take over the chair in 1963 and that Commissioner Bandlow would be vice chairman.

Both men, Lytal said, have shown themselves to be capable county commissioners and that they have prepared themselves in advance for the new responsibility.

The reorganization marked the first time in county history that the Republican Party has held a majority on the board with Chairman Van Kessel, Vice Chairman Bandlow and Commissioner Warren representing the GOP.

It was the Democratic members who proposed the new commission officers with Lytal nominating Van Kessel and Commissioner Paul Rardin submitting Bandlow's name for vice chairman.

The commission this week also re-appointed all the board's department heads and set regular meeting dates for the second and fourth Monday of each month.

The board also named George Frost to the post of county engineer and approved the appointments of James Watson, Juno Beach and William Harvey, Lake Worth to the county zoning board and named Raymond Caruthers as Glades representative to the county board of adjustments.

Ben Sundry Leaves Board After 12 Years

Ben F. Sundry, Delray Beach business man who has served as a county commissioner for the past 12 years, stepped down from his seat on the board last week with commendations from his colleagues on the board, ringing in his ears.

Sundry joined the commission in January, 1951 and will be succeeded by George Warren, also of Delray Beach.

During his tenure on the board, Sundry served three different times as chairman of the board.

In a resolution adopted by the commission, Sundry was commended for his dignified and efficient leadership, for his diligent, progressive and effective service during a period when Palm Beach County enjoyed great growth and prosperity.

The resolution commended the retiring commissioner for the splendid service which he had rendered to the people of Palm Beach County.

The resolution was adopted on motion of Commissioner Paul Rardin and E. F. Van Kessel.

Board Chairman Lake Lytal commented that he had very much enjoyed serving with Ben Sundry and that Sundry's honesty, or integrity had never been questioned. "This," said Lytal, "is the sign of a good public servant."

W. S. Cross entered St. Mary's Hospital in West Palm Beach, Monday, for treatment and tests.

Mrs. Russell Collins and sons, Tony and Keith, returned to Eustis this week, following a three week visit with her parents, Mr. and Mrs. F. G. Gillis in Pahokee.

MR. AND MRS. WILLIAM HERBERT WHITCOMB

The marriage of Miss Alyce Joyce Spencer, daughter of Mr. and Mrs. Andrew Jackson Spencer of Pahokee, to William Herbert Whitcomb of Orlando, son of Mr. and Mrs. William Alvan Whitcomb, was solemnized in a double ring ceremony at the Pahokee First Methodist Church, Sunday, December 30, at 4 p. m. Rev. R. E. Achenhuser of Orlando, officiated, assisted by the pastor, Rev. T. C. O'Steen.

The bride is a graduate of Pahokee High School and Jones Business College, Orlando, and attended Florida State University. The groom is a graduate of Boon High School, Orlando, and is a senior at the University of Florida, Gainesville, where the young couple will reside at 620 N. E. Blvd., following their wedding trip.

Mrs. Remie Young of Spring Lake, N. C. arrived Sunday, and is spending two weeks with her parents, Mr. and Mrs. F. G. Gillis.

The average farmer can't avoid taking risks. There may be ways to protect himself against some losses, but he'll often take a chance in the expectation of realizing more gains than losses over a period of years.

Take the big freeze of last month. How much of our citrus losses do you suppose were covered by insurance? In the busy days following this century's record-breaking cold spell in Florida, when we were trying to get reliable estimates of the damage it caused, I asked for a rundown on the insurance situation. Here's what I found:

Federal Crop Insurance in 1962 was available to citrus growers in 10 counties—Brevard, Indian River, Lake, Orange, Polk, St. Lucie, Hardee, Highlands, Hillsborough and Pasco. Total coverage amounted to about 8 million dollars. But only about 15 per cent of the citrus acreage in those counties was covered.

It is estimated FCI indemnity payments will total between 3 million and 4 million dollars, according to Harry Highman of the FCI office at Lakeland. But that's only a rough guess. It will be some time before the final total is known.

You may wonder why more of the crop isn't insured, and why FCI protection is limited to only 10 counties.

To answer, the first, I'd guess many growers would rather risk a loss from time to time than pay insurance premiums year after year. FCI premium rates range from \$4.30 to \$10.30 per \$100 of protection, depending on classification of a grove. The classification is determined by many factors, including location, weather history, the kind of citrus, etc.

The first FCI citrus insurance in Florida was made available in Polk County on a sort of experimental basis in 1951. Only about 100 new counties are taken on each year by FCI throughout the U. S. In Florida since 1951 only one or two counties have been added to the list yearly, until 1962 when 4 new ones were added.

As a result of the 1957-58 freeze, FCI paid claims totaling about \$500,000 in Polk County, but the payout there this time is expected to be far greater.

If you're wondering whether it's poor business practice to be without crop insurance when it can be obtained, let me point out that the decision to buy insurance really depends on the grove owner's financial strength. If he can weather a severe loss now and then without being too badly hurt, he'll probably figure he can get along without insurance and gamble on the weather.

On the other hand, if a severe loss would threaten to wipe him out, he'd be inclined to protect his investment with insurance.

Insurance men will tell you their business usually picks up quite a bit after any sort of disaster that results in numerous heavy losses. Florida's FCI office expects to find many grove owners much more receptive to their insurance solicitation for some months to come.

Incidentally, FCI doesn't just sit around waiting for applications to drop in its lap. Their men go out after the business, according to Mr. Highman, just like other insurance agents.

PASTOR RETURNS

New Bicycles Are Dangerous, Kids Should Learn Rules

TALLAHASSEE—The Florida Highway Patrol today reminded parents of children with new Christmas bicycles to teach their youngsters safe bicycle rules and habits.

At a time when there are thousands of brand new bicycles being ridden all over Florida by youngsters who delight and enthusiasm for the gift vehicles seems endless, the patrol warned that these same gifts which are the source of so much happiness can spell tragedy when used improperly.

"It is evident that many parents who are careful with the storage of poisons and who will not allow their children to play with firearms think nothing of allowing children to ride a bicycle in violation of basic safety rules," declared Patrol Comdr. H. N. Kirkman.

The patrol emphasized the need for motorists to drive with caution wherever there are youngsters riding bikes; but stressed the need too for a greater effort on the part of parents to teach youngsters to share safety responsibility with drivers.

Some safety rules for bicycle operation were listed by the patrol:

Ride on the right side next to the curb or pavement edge; stop for red lights and stop signs and do not proceed until the way is clear; if it is necessary to ride at night use a white light in front and a red light or reflector on the rear.

Give hand signals for turns and stops—use the left arm for signals; never cling to any moving vehicle; don't ride double; don't stunt or race on the public streets; and avoid busy streets.

Discipleship Topic For Women's Group

"Christian Discipleship" was the topic of the program given at the January meeting of the Woman's Society of Christian Service of the Pahoee First Methodist Church held Monday night. Members of the Methodist Youth Fellowship presented the program under the direction of Mrs. H. H. Hendrix. Those taking part were Miss Willola Tyson, Miss Jann Plumer, Miss Dottie Lair, Miss Linda Wilson and Miss Lida Vilella.

Members voted to send \$15.00 to the Eugenia McElmore scholarship fund; to purchase tablecloths and place mats for use in the social hall; to adopt a Korean child for six months; to purchase a set of Christian and American flags for the church, and to send Mrs. Robert Hutton as a delegate to the luncheon meeting of the Americanism versus Communism fund committee which will be held, Jan. 9, at the George Washington Hotel in West Palm Beach.

Mrs. R. F. Hurt, president, appointed Mrs. R. J. Schroder, Mrs. A. F. Blakey and Mrs. Ruth Meredith to plan a memorial for the late Mrs. Willola Parsons Friend, a former president of the Society.

The president also appointed Mrs. Lloyd Hundley to be flower chairman of the Society; and Mrs. J. W. Vann to arrange for the meals, and Mrs. Robert Hutton for the lodging of the visiting ministers, during the revival which will be held February 10-15. Mrs. John Hutton will be in charge of the nursery at that time.

The Vena Mae Schroder and the Gertrude Shirley Circles tied for the circle count.

It was announced that the dedication service for the new buildings will be held February 3, with Mrs. R. D. Apelgren, local activities chairman, and her committee in charge of the luncheon arrangements.

Bob Apelgren Tells Rotes Of Sugar Deal

Robert D. Apelgren, vice-president of the Florida Sugar Cane Growers Cooperative, was speaker at the luncheon meeting of the Pahoee Rotary Club, last Thursday. He reviewed the present condition of the sugar cane crop in the Glades area and reported that a large percentage of the cane being grown by members of the FSGCC was not damaged because it was planted in the warm land near the south and eastern shores of Lake Okeechobee. Bob Lee, public relations director of the FSGCC, also spoke briefly.

Following the luncheon Mr. Apelgren, past president of the Club, personally conducted the Rotarians on a tour of the huge FSGCC sugar mill and its supplementary facilities, located on Airport Road, Belle Glade.

Guests were C. A. Bailey, J. D. McClellan, Tom Parker, Walter Hooker, J. P. Halbrook, Jr., George Young, and N. T. Taylor, all of Belle Glade; and Joe Nicholson of Dade City.

Two Week Visit Ends Mr. & Mrs. Bornaes

Mr. and Mrs. Dan Bornaes of South Bend, Indiana, have returned home following a two week visit in Pahoee with her parents, Mr. and Mrs. Dan Carpenter. Mr. Bornaes is a member of the faculty at Notre Dame University where he is working toward his doctor's degree in organic chemistry. Mrs. Bornaes teaches the fourth grade in South Bend. Enroute home they visited Mr. and Mrs. Calvin Padgett at Waldo, and Rev. and Mrs. Donald Padgett in Chattahoochee.

Florida State Fair Scheduled Feb. 5-16

TAMPA—Agriculture and horticulture will be the foundation for the 58th Annual 1963 Florida State Fair, Feb. 5-16, featuring a new cultural center, many innovations and expansions. The new center will consolidate four buildings and 80,000 square

feet of exhibit space, tying together a new International Center for foreign exhibits, art, flower, electrical and honey shows. Among foreign governments planning exhibits are Belgium, Brazil, France, Italy and Japan.

The exposition will place major emphasis on grove, farm and livestock interests plus participation by Future Farmers of America and 4-H clubs.

Three gala parades are scheduled as special fair events: a Shrine parade on opening day, Tuesday, Feb. 6; the spectacular Gasparilla Pirate Invasion and Parade, Monday, Feb. 11; and a night illuminated Caribbean Carnival parade on Thursday, Feb. 14.

Christian Science Group Of Canal Point

Communion services will be held this Sunday at all Christian Science branch churches and societies throughout the world. The church tenets will be read, and the congregation will be invited to kneel in silent communion.

The Lesson-Sermon is on "Sacrament," and Bible readings will include this verse from Matthew 3: "Blessed are they which do hunger and thirst after righteousness: for they shall be filled."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy this selection will also be read (p. 4): "The habitual struggle to be always good is unceasing prayer. Its motives are made manifest in the blessings they bring—blessings which, even if not acknowledged in audible words, attest our worthiness to be partakers of Love."

Boys 4-H Club Met Canal Point School

The 4-H Club meeting at the Canal Point School last week had 40 boys in attendance. Assistant County Agent John Causey attended the meeting. Eldridge Kinsaul, president, presided over the meeting. The other officers of the Club are Teddy McCall, vice-president; Sonny Ursry, secretary and Ray Jinnright, reporter.

Mr. Causey talked about the fair in West Palm Beach and the exhibits which are to be entered from Canal Point. He also told the boys when to have their exhibits ready.

Mr. Causey's topic for the meeting was the diseases of plants. He explained how and why diseases are caused and the remedies for these diseases.
